Dear Sir/Madam,

P.A. to R.

The IIS University, Jaipur is a cosmopolitan and vibrant Deemed-to-be-a-University and is among the thirty eight deemed universities in India placed under Category '1' by the Ministry of Human Resource Development, Government of India. It is known for excellence in imparting meaningful education to students and to encourage them to think innovatively. It particularly focuses on empowering its students to face life's challenges with confidence and also provide creative leadership in the times to come.

The University is pleased to announce its **First All India IIS English Debate** proposed to be held on **Saturday, 8 February 2014 from 10.00 am onwards**. The topic for the debate is **'Social Networking Sites are the New Gateway to Happiness and Harmony'**. We view this competition as an opportunity to provide a nationwide platform to young students to further hone their oratorical skills and be part of a strong debating community. Students from across the country are being invited to participate and we hope that you too will help us make this event a success with your participation. We request you to circulate the attached details for the information of your students and register at your earliest. Institutions are expected to register **only one team comprising two speakers - one for and one against the motion**. The participating team may be accompanied by a faculty member from your institution. For the Debate Rules and downloading the Registration Form, please visit our website [www.iisuniv.ac.in](http://www.iisuniv.ac.in).

In order that we may accommodate your students who wish to compete, please take care of the registration process well before the entry-deadline. This will ensure a pleasant and trouble-free experience for everyone, and allow us to host you in the manner you deserve! We look forward to having you over at our University in February '14.
