Subject: Govt. of Maharashtra Skill Development Initiative
Providing wide publicity thereto...

R/sir,

It is most respectfully submitted that the Govt. of Maharashtra has created a new department known as Skill Development & Entrepreneur with a vision of equipping 45 million persons with employable skills by the year 2022.

And this task is being shouldered by **Mashrashtra State Skill Development Society (MSSDS)** created as the Single Nodal Agency for planning, coordination, execution & monitoring of Skill Development Initiative of Government of Maharashtra.

The MSSDS has just launched a new web portal <https://mahakaushalya.com> initiating the work of registration of the "**Beneficiaries**". Our students are one of the stakeholders to whom search facility for employment and self employment opportunities, upgrading their existing skill and many more facilities are provided.

This office has just been asked to communicate this to all the Principals of Colleges coming under the University of Mumbai.

As the main function of *University Employment & Self Employment Information and Guidance Bureau, Mumbai* is to give employment/self employment information and vocational guidance to alumni of the University, the above portal would be a way ahead. And as, the Mumbai University has its own dedicated web portal, I feel that, if a notice is published on this web portal - it will be cost saving and will reach to all the students of University of Mumbai.

I therefore, most humbly request you to issue necessary directions in this regards asking the in charge of the web site to publish a notice attached hereto on Mumbai University web portal to serve the purpose of the Govt. of Maharashtra.

For this act of extending valuable co-operation, the under signed will ever remain indebted.

Yours sincerely,

Sd/-
