**CIRCULAR:**

Dear Sir/Madam,

We are all aware that the Marathwada region and some interior parts of the state are suffering from severe drought. People in these areas struggle for water to drink. In this kind of a situation if we waste water, we will certainly be inhuman and indifferent people with no empathy towards our fellow brothers and sisters.

As we form one of the most important part of the society, it is our duty to bring about incremental changes in the situation. I don't think that we can bring about revolutionary changes, but definitely be a part of some small contribution for the larger social good.

As you are aware that the Students' Council is a statutory part of the administration and an important stakeholder in the college and society, be a part of this movement. For the purpose, you are requested to depute one teacher along with the Students' Council members, NSS, NCC and Cultural Students for the awareness campaign to "Save Water, Celebrate Dry Holi" from tomorrow onwards till the Holi day.. It is suggested that the students council of your college stage a skit or a street play and go to various housing societies to educate or make the people aware to not to waste water for the upcoming holi festival.

It is further requested to give all the help like making T-shirts for the students, some working lunch and conveyance to go around the vicinity. The Money that is collected under the sports and cultural contributions share of the college may be used for the awareness campaign.

A brief report regarding the same may please be sent to the Department of Students' Welfare after the programme.

NOTE : Students who do not have exams be a part of the campaign.

**Place : Mumbai - 400 020.**
