

Training Programme in Molecular Biology-A Novel approach

A 5-Day Hands on Training Programme in Molecular Biology-A Novel approach was conducted at National Facility for Biopharmaceuticals (NFB), G.N.Khalsa College Matunga, Mumbai-19 for 9 teachers of Biological Sciences from rural Colleges of Ratnagiri, Sindhudurg & Raigad districts as per University of Mumbai circular No APD/281/38/of 2013.

The training program was conducted from 25th Feb to 1st March, 2013. The program included the following experiments:

1. Plasmid Isolation
2. Restriction Enzyme Digestion
3. Competent cell preparation
4. Transformation
5. Gel Extraction
6. DNA quantification
7. Polymerase chain reaction
8. DNA sequencing
9. Protein Estimation
10. SDS PAGE

The University is happy to inform the students, teachers in Biological Sciences all the affiliated colleges of Mumbai University that they can visit & participate in the training programs of NFB. The NFB will be open for visits on every Saturday between 2pm to 6pm.

The students and teachers are requested to take prior appointment from the Principal Investigator of NFB, Dr.R.T.Sane on his mobile or on email address to avoid crowding at NFB.

Contact Details.
