**(Semester –V & VI)**

With the introduction of Credit Based Semester and Grading System (CBSGS) and continuous evaluation consisting of components of Internal Assessment and External Assessment by the esteemed University, the existing syllabi of F.Y.B.Sc. and S.Y.B.Sc. Life Sciences were restructured according to the CBSGS pattern and after the approval by the concerned authorities have been implemented from the academic years 2011-12 and 2012-13 respectively.

In accordance with the CBSGS pattern, the existing syllabus of T.Y.B.Sc Life Sciences has been restructured and after the approval by the concerned authorities shall be implemented from the academic year 2013-14.

For restructuring the existing syllabi of T.Y.B.Sc Life Sciences and Applied Component courses, sub-committees were formed with Dr. Sanjay Deshmukh as the convener, BOS members as co-convener and Head/ Senior teachers from affiliated colleges as members of these sub-committees.

As mentioned in the outline of the syllabus, all the 08 courses of theory and Practicals (Semester V and VI together) are compulsory to the students offering Life Sciences as a Single Major Subject (6 units pattern of the old course).

These courses are:

1. USLSC-501 and USLSC-601
2. USLSC-502 and USLSC-602
3. USLSC-503 and USLSC-603
4. USLSC-504 and USLSC-604

However, the students opting for Double Major Subject (3 Units pattern of the old course), shall have following 04 courses of theory and Practicals (Semester V and VI) compulsory:

1. USLSC-501 and USLSC-601
2. USLSC-502 and USLSC-602
